Engineering

Submitted by: Hafiz Muhammad Noman

Roll No: 071

Section: 7th BSSE

Assignment Topic: Review Form

Submitted to: Sir Musaib

Date: 07-09-2024

Create a simple form in a Blazor application that collects user information and displays the submitted data back to the user.

Product Name (Text input, required).

• Rating (Dropdown, required, 1-5).

• Review Description (Multiline text input, optional, with at least 20 characters if filled).

• Purchase Date (Date picker, required, no future dates).

• Would You Recommend? (Radio buttons: Yes/No, required).

• Agree to Terms (Checkbox, required).
